Efficiency, Dependability, Security: The New e-STUDIO A4 Monochrome Model

A high-performance printing system with outstanding value for money, the e-STUDIO479s delivers a winning combination of boosted performance and efficiency in daily business along with features like mobile printing that meet the needs of today's workstyles. At the same time, it offers uncompromising data security.

Excellent performance in today's workplaces

Fast and trouble-free multifunctional printing capabilities – printing, scanning, copying and faxing – are basic requirements in modern workplaces, yours included. Our latest generation model includes numerous proven technologies for that extra piece of mind. Fine-tuned to the needs of mid- to large-scale workgroups with monochrome printing needs, now with a new design and increased productivity of up to 47 pages per minute (ppm). The e-STUDIO479s is equipped with features that meet the needs and wishes of today's office professionals, representing a sound investment in long-term productivity and cost-effective operation.

With reduced and contemporary styling in matte black and white tones, the new printing system fits perfectly into any office décor. But don't let the good looks fool you: as it's also packed with powerful performance features and state-of-the-art technologies. The e-STUDIO479s is equipped with a large, customisable, colour touch panel measuring up to 17.8 cm (7 inches) for intuitive access to all functionalities – no interaction with buttons required.

Supporting the most widespread mobile printing standards in the market (Mopria, AirPrint), so users can easily and seamlessly print from their mobile devices, and all without having to install a print driver.

Clarity in the Result and Privacy in the Process

Outstanding print quality

Designed to reproduce monochrome images and text in striking clarity down to the smallest detail – even fine lines and tiny dots – as you would expect from Toshiba. This new system produces A4 documents in a quality that meets or exceeds the expectations of business users.

Time-saving features

Users will enjoy the convenience and productivity features integrated into this new model. Equipped with a dual-scan document feeder (DSDF) as standard, so you can scan double-sided documents at high speed. The devices scan the original on both sides simultaneously, so the process is not only swift and reliable, but also gentle on delicate documents.

By installing an optional app users have the added convenience of scanning documents directly to and printing from SharePoint Online, and all without the need of a PC. Further options include a convenient stapler mounted on the device's housing (not integrated into the print path), enabling you to staple pages together on the spot and save time.

Security to master today's threats

Alongside efficiency and flexibility, data security is a top priority. Toshiba printing systems are designed to master complex and evolving data challenges and prevent unauthorised access to the device, with features such as the newly added Trusted Platform Module (TPM) technology. The component stores the encryption key on dedicated hardware separate from that used to store data

It further improves the systems' capabilities to secure the cryptographic keys generated by the device through more complex methods of producing the random numbers used to create the keys. The TPM solution includes system integrity checks and cryptographic capabilities to create a unique digital system fingerprint.

TPM not only provides peace of mind by ensuring an extraordinarily high level of data security within your organisation, but also enables you to comply with the stringent requirements of many corporations and government agencies. In most cases, the component satisfies standards for certification of your device cryptography.

Eco-Friendliness and Resource Efficiency

To enable your organisation to further reduce its ecological footprint and comply with the environmental, social and governance (ESG) demands of many customers and partners, we have equipped the printing systems with eco-friendly and low-CO₂ emissions properties. The three models operate at low energy, reducing emissions and saving money. Duplex printing is standard, letting you save paper. Efficient and long-lasting toner is also integrated as well as auto energy save mode. This model complies fully with the latest emission standards.

In addition, our devices are built for long-term, consistent and reliable performance, as well as scalability and compatibility. Every hardware component is engineered to withstand intensive usage and can be maintained with a small number of tools.

Steel frames within the housings provide stability and durability to support consistent service. Longest-possible service lives mean less electronic waste and an enhanced cost-benefit ratio.

Ease-of-use, efficiency and security

The new e-STUDIO479s is an attractive option for medium-sized to large offices and workgroups, looking for a long-term and cost-effective solution that produces monochrome A4 documents in impeccable quality. With an output of 47 ppm, you can rely on outstanding productivity and convenience for many years to come.

Configuration

Specifications

e-STUDIO479s

General

Print Speed	47 ppm
Copy Speed	47 ppm
Warm-up Time	~ 9 seconds (from sleep mode)
Paper Size & Weight	
Cassette	A6-A4/custom, 60-120 g/m ²
Bypass	76x148 mm - 215x359 mm, 60-216 g/m ²
Paper Capacity	
Cassette	1 x 550 sheets
Bypass	1 x 100 sheets
Max.	2,300 sheets
Output Capacity	250-sheet capacity
Automatic Duplex	A4/custom, 60-120 g/m ²
Colour Touch Panel	17.8 cm (7") colour touch panel (tiltable)
Memory	
Standard/Max.	2 GB + 128 GB (ISD)
Interface	10Base-T/100Base-TX/1000Base-T (incl. IPv6), High Speed USB2.0, WLAN (IEEE802.11 a/b/g/n/ac)
Dimension & Weight	
W x D x H	~ 479 x 453 x 514 mm
Weight	~ 21.3 kg
Initial Consumables	Starter cartridge with toner and Imaging unit
Print	
Resolution	Max.: 1,200 x 1,200 dpi
First Print Output Time	~6 seconds
Page Description Language	PCL 6/PCL 5/PostScript 3 and PDF v1.7 emulation, PCLm, PPDS Migration tool
Supported Systems	Windows 11/10/8.1/8, Windows Server 2022/2019/2016, Windows Server 2012/2012 R2, Windows Server 2008/2008 R2, Linux, Novell, Citrix, SAP, Mac OSX 10.7 or later (AirPrint), Microsoft Universal Print
Mobile Printing	AirPrint, Mopria Print Service, e-STUDIO Print & Scan
Print Functions	Universal Print Driver, Print from USB, Multi-page printing, Envelope printing, Print from SharePoint [^]

e-STUDIO479s

Scan	
Resolution	
Colour	Max.: 600 x 600 dpi
Monochrome (Mono)	Max.: 600 x 600 dpi
Scan Speed	
Simplex Colour/Mono	39.9/49 ipm (300 dpi)
Duplex Colour/Mono	79.8/98 ipm (300 dpi)
Document Feeder (Simplex/Duplex)	100 sheets, A6-A4/custom, 52-120 g/m ²
File Formats	TIFF, JPEG, PDF, Secure PDF, PDF/A
Scan Functions	Scan to USB/E-Mail/File/Network folder (FTP), XPS, e-STUDIO Print & Capture, Scan to SharePoint [^]
Copy	
Resolution	Max.: 600 x 600 dpi
First Copy Output Time	6.75 seconds
Zoom	25 - 400%
Copy Modes	Text, Text/Photo, Photo, Graphics
Copy Functions	Multiple pages per copy, Mixed-size copy, Margin shift, ID Card copy, Create booklet
Fax	
Communication	Super G3
Transmission Speed	~ 3 seconds per page
Compression	JBIG, JBIG2, MMR, MR, MH, JPEG
Fax Functions	Colour fax, Speed dial (up to 500 destinations), Group dialing, Network fax
Incoming Fax Routing	To Fax, E-Mail, FTP
System & Security	
System Features	Energy saving modes, Toner saturation/darkness adjustment, Remote user interface
Accounting and Security	Private print, IP address filter, Port filter, Support of SNMPv3, SSL and Ipsec protocols, 802.1x Authentication, Operator panel lock, Non-volatile memory wipe, Trusted Platform Module (TPM)
Accessibility	
Speech (Talkback)	Speaker or headphones
Volume Control	Gesturing or headphone
Keyboard Optional	Connected to rear USB port
Options	
250-sheet Drawer (250-sheet capacity, A5-A4, 60-120 g/m ²), 550-sheet Drawer (550-sheet capacity, A5-A4, 60-120 g/m ²), Adjustable Printer Stand, Swivel Cabinet, Convenience Stapler	

[^]Optional

About Toshiba

Toshiba (Australia) Pty Limited is part of the globally operating Toshiba Tec Corporation, active in various high-tech industrial sectors.

Toshiba is a leading provider of information technology, operating across multiple industries – ranging from retail, education and business services to hospitality and manufacturing. With headquarters in Japan and over 80 subsidiaries worldwide, Toshiba Tec Corporation helps organisations transform the way they create, record, share, manage and display information.
